I appreciate very much your kind invitation to be with you at your rural neighborhood progress banquet February 27.

I took the liberty of requesting Dr. Roy L. Donahue to take my place at this meeting since I have a conflict and will be unable to attend. I am sure that Dr. Donahue will make a real contribution to your meeting.

I am proud of the accomplishments of the people at Hopewell during the last twelve months. I am optimistic over the results of your efforts if you will just put forth every effort to produce a report in keeping with the accomplishments made in the neighborhood. We are all anxious to help you as much as possible and want you to feel free to call on any of us at any time.

Dear Mr. Gibson:

The first annual convention of the National Negro County Agents' Association will be held at Prairie View next summer. The convention will be held during the same time the regional summer school will be in session. Plans are being made now for the convention. The first convention is being held in Texas and I am sure you would like to help make it a success. Since I am the president of the association, I would like for you to know that the program of the association during my administration is not working at cross purposes with the policies and program of the Extension Service in Texas.

During a recent meeting held in Dallas with out of state agents, several questions came up for discussion that suggested to me that I should have a conference with you prior to the completion of the plans for our annual convention. I would like to come to A. and M. to talk with you at your earliest convenience. I would appreciate several days notice so I can arrange my program for being out of the county for a few hours.

County Agricultural Agent

Dear Mr. Randolph:

You have received several letters requesting your 1951 Swine Reports. Up-to-date we still do not have a complete report from your county. This, however, is the last time a request will be made for any part of your missing report.

Your heavy litter weight on the litters that farrowed early enough, according to your reports previously submitted, to have been weighed and reports submitted, at 56 days old is still incomplete. In my last letter, I asked you to send your reports in immediately after your litter reaches 56 days. Your failure to do this necessitates my having to write you this reminder.

As we are in the process of compiling the District Winners in the Heavy Litter Contest we need your reports now. Please submit all reports on litters that have reached 56 days by return mail.

Yours very truly,

J. E. Mayo

Dear Mr. Stevens:

We are returning 2 invoices, evidently representing repairs made to your swine program.

This will advise that the invoices must be signed. Also, if the old demonstrators did not return either a gilt or \$15.00 you must have the approval of your district agent to make these repairs.

Very truly yours,

Dear Mr. Adams:

This is to advise we did not find your narratives on Livestock or Crop Production with your 1951 Annual Narrative Report. I am sure this was an oversight, therefore, I am calling this to your attention and am asking that you make narratives for your Crop and Livestock Production for your Annual Narrative Report and send them to me by return.

I would also appreciate your sending me the Table of Contents for your narrative report.

Yours very truly,

Mr. John E. Mayo, District Agent
Prairie View A&M College
Prairie View, Texas

Dear Mr. Mayo:

We have planned to conduct the Rural Neighborhood Progress Contest in four communities in Travis County.

In order to insure success of the program, we plan to conduct a Leadership Training School of three weeks duration; meeting twice a week.

We have contacted forty (40) farm people who have agreed to attend if the school is arranged for.

We would like the assistance of our district agents.

Dr. Donahue has agreed to work with us on January 3, 1952 starting at 10 o'clock a.m. and he expressed the desire to have you present.

Very truly yours,

T.A. Mayes, County Agricultural Agent
