RE: ECONOMIC FACTS AND OPINIONS - APRIL 1, 1952

Due to failure to proof read stencil, errors were made in the last column of the table dealing with livestock numbers. The per cent change for these items are affected. The correct change for All Cattle should be + 2%, for Chickens should be + 1%, and for Turkeys should be + 8%. Your copy may be corrected by simply marking a vertical line across the minus prefix of the numbers given in the table.

I am sorry the errors occurred.

Dear Mr. Mayo:

You are invited to attend the first "Field Day" at Substation 18, on April 18, 1952. The program will begin at 1:30 P.M. and will continue until 3:30 P.M. It will be interesting for you to see and study the gains made by these steers. If you are interested in fattening cattle it will be worth your time to attend this Field Day on April 18th.

Research specialists of the Texas Agricultural Experiment Station, and of the Texas A. and M. College System will be present for the program.

Meals will be available for all visitors in one of the cafeterias on the campus. The lunch hour is from 12 noon until 1:00 P. M.

Dear Mr. Sanders:

I have a copy of your letter to Mr. Mayo regarding the Sears Swine Program.

Mr. Regenbrecht is not in the office at this time but I feel sure that he would advise as he has done previously in situations of this nature - that you breed the remainder of the gilts in the program to some suitable boar in the county. A reasonable breeding fee should be determined by you and the owner of the boar, prior to breeding. A reasonable fee should not exceed \$5.00 per gilt.

When all animals are successfully bred you should submit an invoice in favor of the breeder in the amount covering the number of gilts bred.

If you have any further questions please feel free to call on us.

Very truly yours,

Dear Co-workers:

We are making an attempt to use a few boys in our State Dress Revue during our State 4-H Camp May 26-29. We are in need of a boy to wear one of the following types of clothing - sport, school and dress up. This was specified as follows:

Austin County boy	Sport clothes
Fort Bend County boy	School clothes
Milan County boy	Dress up clothes

If you would like to interchange these outfits by counties because of inconvenience to comply to this request as stated above, please feel free to do so. We do want the three types of clothing as mentioned above represented in the Revue.

I should like to have your reaction with regard to this matter at an early date.
