Dear Co-workers:

This letter is to thank you for the fine cooperation which was given incident to the preparation of the exhibit and conducting of demonstrations at the Houston Fat Stock Show and Exposition, February 6-15, 1942.

I am certain that we will all agree that it was a privilege as well as an opportunity and that the Negro Extension Service carried out the assignment in a most commendable manner.

Again thanking you and trusting that your work in the county is progressing satisfactorily, I am

Very truly yours,

E. B. Evans
State Leader

FUR FAME BAIT CO.

FREMONT OHIO

U.S.A.

May 15-1941.

FFG:10

Mr. J.H. Williams,
Prairie View College,
Prairie View, Texas.

Dear Mr. Williams:-

Thank you for your letter of the 8th --

We were glad to learn that you have used our Sure Tan and that you are planning to use more of this product.

We wish to advise that it is not necessary to set the hair before tanning.

We suggest that you wash the hides in gasoline before applying the tanning compound; let thoroughly dry, and then follow the directions that are on the label of the package. However, we would not advise washing the hide with water after applying Sure Tan.

We are glad to quote the following prices on Sure Tan, in bulk, which are F.O.B. Fremont, Ohio:

Five pound lots --- \$1.00
Ten pound lots ---- \$1.70

Assuring you we appreciate your inquiry and that we want to cooperate in every way we can, we are

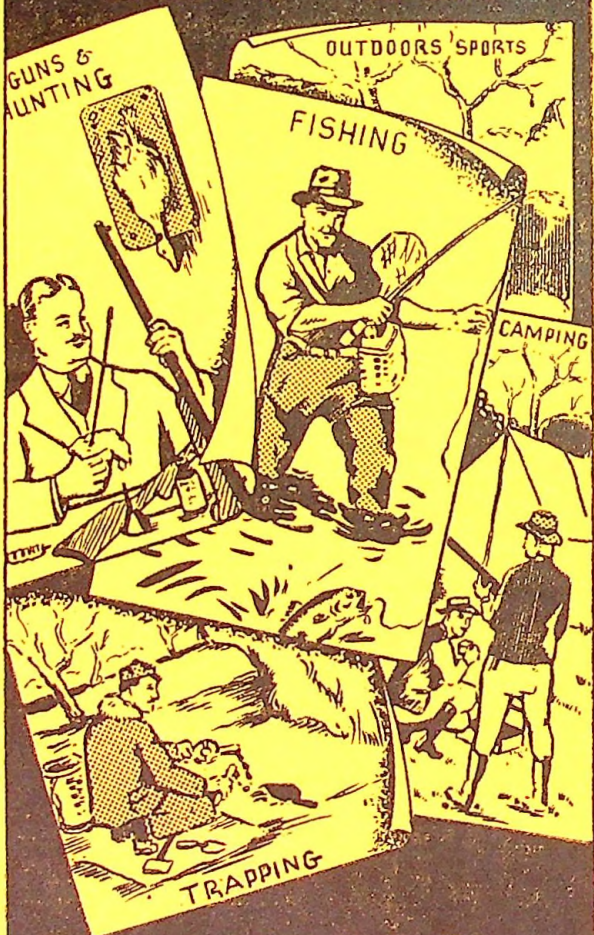

Yours very truly,

Supplies that sell and satisfy

FUR FAME BAIT CO.

FREMONT
OHIO

U. S. BARREL BLUE

Makes a real factory finish for looks and wear. No experience necessary to apply. Can be used by any gun owner, with best results. U. S. Barrel Blue is regularly employed by expert gunsmiths and gun builders in their work. Large kit contains ample material for two or more

shotguns. Small kit contains sufficient material for two rifles or the equivalent.

PRICE PER LARGE PACKAGE \$2.00
SMALL PACKAGE \$1.00

NIMROD GUN BLUE

No heat or tank required. Finishes by chemical action alone. Not a paint nor a lacquer. Made especially for touching up marks, scratches, etc., and bluing small parts. May be used for refinishing inexpensive guns where no factory job is expected. Kit is complete, with nothing

else to buy. Contains plating powder, bluing chemical, oil wax, steel wool, emery cloth and cotton.

PRICE PER PACKAGE \$1.00

NIMROD GUN STOCK FINISHER

Produces a beautiful, durable surface on old or new wood. Not easily marred or scratched. Makes either a dull or high lustre job. Fills and finishes in one operation. Kit ample for several gun stocks. Contains two ounces material, steel wool and flannel applicators.

PRICE PER KIT 75c

NIMROD NITRO SOLVENT

Quickly dissolves the powder residue; loosens metal fouling, removes the acid action of the primer, etc. Two ounce bottle.

PRICE PER BOTTLE 25c

•••

SUPERIOR GUN PATCHES

Round or square. Cut the right size from high grade Canton flannel, of the proper thickness and strength.

.22 - .27 Caliber	100 to box
.28 - .35 Caliber	100 to box
.38 - .45 Caliber	75 to box
.410 Gauge	75 to box
28 - 20 Gauge	50 to box
16 - 12 Gauge	50 to box

Be sure to mention style (round or square) and caliber or gauge wanted.

PRICE PER BOX 25c

•••

S. O. S. GUN OIL

Made for the "gun crank". Acid free and non-gumming with sufficient body to retard rusting in all climates. Two-cap spout. Three ounce can.

PRICE PER CAN 25c

•••

NIMROD LEAD REMOVER

The only product of its kind on the market. Not a cleaner; not a solvent; not a lubricant. Made for removing lead in guns only. Does the job quickly and thoroughly. Eliminates labor. Will not harm steel.

PRICE PER BOTTLE 50c

GRAPH - O - GREAS

A graphite lubricant in its finest form. Gives super smoothness to gun actions, scopes, fishing reels, etc. Prevents rusting. Tube with applicator nozzle.

PRICE PER TUBE 25c

• • •

NIMROD GUN GREASE

The perfect lubricant. A product which gives entire satisfaction in every climate. Protects metal from rusting. For guns, skates, cutlery, etc. Put up especially for those who want the best.

PRICE PER TUBE 15c

• • •

NIMROD RUST REMOVER

Takes off rust quickly, with a minimum of labor. Does not scratch. Colored so it can be instantly detected in a barrel and wiped out before shooting, thereby eliminating leading . . . a common fault with many rust removers.

PRICE PER TUBE 25c

• • •

PIT-O-PATCH

Made for repairing pits in shotguns. Acts as a cold flux. Restores the bore so it looks and shoots like new. Insures easier cleaning. A single application lasts most shooters an entire season; sometimes longer. Not for rifles, pistols, or revolvers.

PRICE PER BOTTLE 50c

REPEL-O-RUST

A paste which protects the metal from corrosion. Ideal for guns, revolvers, reels, pistols, cutlery, etc. Acid free, a highly penetrating grease. This product does what its name states — REPELS RUST!

PRICE PER TUBE 25c

DUCK COAT WATERPROOFING

A liquid water repellent for fabrics, such as hunting coats, pants, and caps. Impregnates the fibre thoroughly. Does not discolor the garment, nor clog the weave. Prevents mildew. Preserves and adds extra life to cloth. Easy to apply.

PRICE PER PINT CAN 65c

LEATHER WATERPROOFING

Waterproofs, softens leather. A neatsfoot oil product for shoes, boots, gun cases, baseball gloves, etc. Can be used over black, brown, or tan. Saves more than its cost in increased wear.

PRICE PER CAN 26c

SKI WAX

Manufactured especially for those who want the best. Only two types of ski wax are necessary for skiing. Base Wax is for a base and down hill speed. All Purpose Wax is for climbing and running in dry snow. Both are clean, easy to handle, and apply.

PRICE PER TUBE 25c

NOGLARE SITE BLACK

A modern product for gun sites used to eliminate glint and metallic reflection. Can be removed instantly. A dead black. Quick drying. Brush applicator. Easily applied to gun site.

PRICE PER BOTTLE 25c

SURE TAN POWDER

For all small skins such as rabbit, squirrel, ground hog, etc. "Fool proof". Does the best grade work, leaving the leather soft and pliable. No pots, pans or other containers necessary; no handling of wet, messy pelts. Box ample for about ten rabbit skins, or the equivalent.

PRICE PER LB. PACKAGE 39c

FLASH FLEA POWDER

Extra strength. Quickly rids dogs, cats, foxes, rabbits and other small animals of fleas, lice, mites and similar vermin. This product actually kills them.

PRICE PER BOX 25c

We manufacture a complete line of Trappers' Supplies such as Baits - Paste and Liquid - Scent Removers - Smokers, etc.

Mr. J. H. Williams,
District Agent,
Tuskegee Institute,
Tuskegee, Alabama.

Dear Mr. Williams:

I am glad to know that you are getting along nicely with your work as you are always known to put the job over, whatever you undertake to do.

It has been raining a lots here, received a heavy rain last night.

Mrs. Ella Banks came last night to go to Fulshear but too much rain to make the trip.

We are going to see Mrs. Williams to day, your wife. I thought that we may bring her back, if she would come, to see about the wife life and tell you about it, but it has rained too much.

We are getting along very well. I am the worst off, as my back continues to pain me a lots. I am going back to the Dr. soon.

Lots of luck and the best of success,

I am

Yours truly,

A. E. Adams

Prairie View College
Prairie View, Texas

Dear Mr. Williams:

We have your letter of December 1st telling us of the efforts being made to place better hogs in the hands of the Negro farmers of Texas. We appreciate the information that The Extension Service among Negroes in Texas has used our Nema Worm Capsules for years and are acquainting farmers with this product and its use.

Our management has approved our donating a set of Nema instruments to each of the 20 Agricultural Agents whose names you have given in your letter.

Instruments will be sent to these men at once and we will advise them that we are doing so in response to your suggestion. We hope that you have carefully checked the addresses given in your letter so that we will not have instruments returned to us because of improper directions. We note the name of Mr. R. A. Sanders, "Bryant", Texas. There is no post office of this name but there is a "Bryan" and we are addressing Mr. Sanders at that point.

Hoping that we have been of assistance in your program and wishing you success in your efforts, we remain

Yours very truly,

PARKE, DAVIS & COMPANY

Dec 12, 1941,

Prof J.H. Williams,
Dist Agent,
P. V. Texas,
Dear Sir:

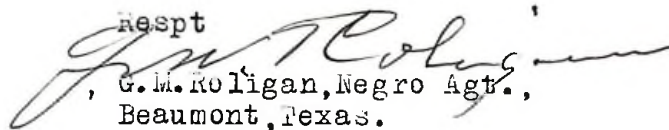

Please find enclosed a report on the mattress making program of which I failed to include in my annual reports. Sorry I failed to make any mention of it.

Was in Liberty, 11th, found Palmer at home doing fair, but instructed by his Dr to take it very slow. Gave him more help with his reports of which worries him seemingly. Am doing all I can to give him all the aid I called upon to render, even tho I am not so hot myself.

Am mailing information to Curtiss today for him and fixed out some of his narratives for him yesterday.

Thanking you,

Respt

G.M. Roligan, Negro Agt.,
Beaumont, Texas.

Gentlemen:

Your letter on the date of December 2nd has been received.

I am very happy that the manager of your institution was kind enough to provide twenty forceps and twenty speculums for the agents' names whom I supplied in my letter of December 1st to you. I shall have the agents know that this was done gratis by your institution. This causes me to feel like exerting myself even more in doing for the Negro farmers of Texas that I am supposed to do when I get such fine encouragement from an institution like your own.

The check that you made on R. V. Sanders of Bryan, Texas is correct, and I am sure he will not have any difficulty in receiving his mail and the instruments because of the error that was made in my letter.

You have been a great assistance to this program, and we shall advise you of the results that are obtained.

Yours very truly,

H. S. Estelle
District Agent

Dear District,

I am sorry that I cannot furnish as full a report on the butchering as I would like to. I was not in the actual butchering, but was with Haduan before and after the dem. I had to go help a man butcher three of the hogs that were intended for the dem.

Mr. Brailsford gave the demonstration for eleven or twelve men - one hog, and one 10 gal. wash pot was the setup. I had planned to take part but Vance Samuel, had some nice hogs, and had been put off on acct. of weather, so I put the day in teaching him.

yours very truly

Dear Mr. Williams:-

We have begun to do a portion of A. & M. Way butchering for the '41-'42 season, and are availing ourselves with the accommodations afforded by the local locker plant. The local leaders are especially responsive and the locker plant manager is all cooperation. Would like your reaction on the following.

The locker plant does the initial chilling at a very low figure and allows us to store the meat, after we have applied the cure, in their "38" room for 50¢ per hundred per month. This is what we call the "we do all the work and furnish the cure" plan, and is good.

The other plan is the original, general plan in which the plant does all the work and furnishes everything but the hog for \$1 per head for butchering and 2¢ per pound for curing and smoking. We just bring the hog up there alive. They do the rest. This plan is good.

Some are using one and some the other. And some going to let them butcher and then they will apply the A. & M. Method from there. This is good.

How will each class stand at the meat show?

It would seem that the more important essentials would be present to the same degree in all three; those of breeding and feeding. But I am asking your ruling.

Very truly yours,

S. T. Toney
