Dear Mr. Williams:-

Received all of your letters.

Am forwarding, under separate cover, detailed report on pigs under the Sears Program in this county. Am attempting to get this information as up to date as possible.

My mileage (Form TR-1) came back today for some corrections and with instructions that I must send letters of authorization for the trips to Columbus and Prairie View. Please send the letters by return mail so that I may correct this oversight on my part and get the voucher back to College Station. If possible, and since I do not have the forms here, I am requesting that I shall be able to finish them here and mail them to the bookkeeper. I mean that you fix them so that this may be done, if possible.

Note also about the meeting in Lockhart on the 23rd. Will be there of course. I presume that we who travel to this meeting will need letters of authorization again. So am requesting mine at this time.

Please send me a supply of the necessary Annual Report material so that I may get it finished and back to you in time for corrections, etc. As you of course know, the time is not very long.

I regret very much that you do not plan to be in my last county meeting, Mr. Williams. We will miss you very much indeed.

Shall I look forward to seeing you before the meeting in Lockhart, or not?

Very truly yours

S. T. Toney, Negro Co. Agt.

Dear Dr. Evans:

Enclosed herewith is the resignation for S.T. Toney, effective October 31.

Mr. Toney is resigning because he feels that he needs the Teacher's Retirement fund to take care of his personal situation.

As you recall, Toney has volunteered his services and it is with a great deal of regret, on my part, that he leaves the service as his work has been outstanding and he will be difficult to replace.

Very truly yours,

Your letter announcing your entry into the armed forces of the United States came to me this morning.

I certainly will miss you in our future programs, however, we all must serve to our greatest capacity, if I had not secured a major disability in World War No. 1, I would be hitting the trail myself. So, all I can do is to offer my son who has been in the service now two years.

It has been a genuine pleasure to have known you and I sincerely hope your paths will cross again some day.

In the letter I wrote you of September 26, the following paragraph is being quoted:

There are a great many boys available to you as a result of your county agricultural victory council organization work, many of whom you are not able to carry definite projects. I think it best to organize these boys and teach them "skills" and I would appreciate it if you would send me a list of skills you think can be used in working with this class of boys.

I also requested a report on the Sears pigs, giving me the number of sows who were now breeders or dead.

In planning the butchering program for the Fall and Winter, questions have come up from the farmers as to how the proposed rationing of meat will affect the farm butchering program.

Please advise me on the following questions. In the light of the present emergency; (1) Will farmers be allowed to kill and cure hogs for home use as in previous years without government restrictions? (2) Are meat shows encouraged as a means of extension teaching during this emergency?

Please give me any other general recommendations that you think are important on farm butchering in the light of the proposed rationing of meat.

Dear Mr. Williams:

I have just had a conference with County Judge H. P. Harris relative to the county buying the pigs that Sears-Roebuck & Company promised but failed to give. I explained to him that after having the boys write the essays and make preparation for the pigs, that if possible, I would not like to see them disappointed. Judge stated that the county was very anxious to see the program go over in the county and would do what it could to support it. He suggested that I write and see if further consideration would be given.

I would appreciate it if you would write Judge Harris and explain to him the facts as to why Sears would not get the pigs.

Please let me know as soon as you have written him. I think something may be worked out in the county.
