MEMORANDUM

TO: Marion Henry
DATE: 7 September 1976
FROM: Richard Gilkey, AECT, President

I, on behalf of AECT, would like to invite you to serve as a member of the Definition and Terminology Committee for the number of years indicated in parenthesis behind the name of the committee. You will have a major role in determining the direction of the Association's activities in the field of responsibilities for your particular committee.

If you will accept this assignment, you will need to be able to devote time during the year to carry out projects at the discretion of the chairman for your committee who is It is desirable that the committees meet during the year between conventions but there are not sufficient funds available for that purpose, and only a limited number of committees can meet as small group task forces during the year.

It is my hope you will accept this appointment and that you and your fellow committee members will be able to complete the task assigned by the Board during the next fiscal year. Included with this request for participation is a statement of the committee's purpose and in some cases suggested activities for the coming year.

Please return the attached form by September 20, 1976 indicating your decision, and as soon as all committee members have responded, we will provide a list of committee members to all members.

Again, may I say that each member has a responsibility to the Association to assist in these activities because without responsible individual members the functions of the Association cannot continue.

Sincerely,

Richard Gilkey, AECT
President
